

## DDP'S UPS WORLDSHIP LINK

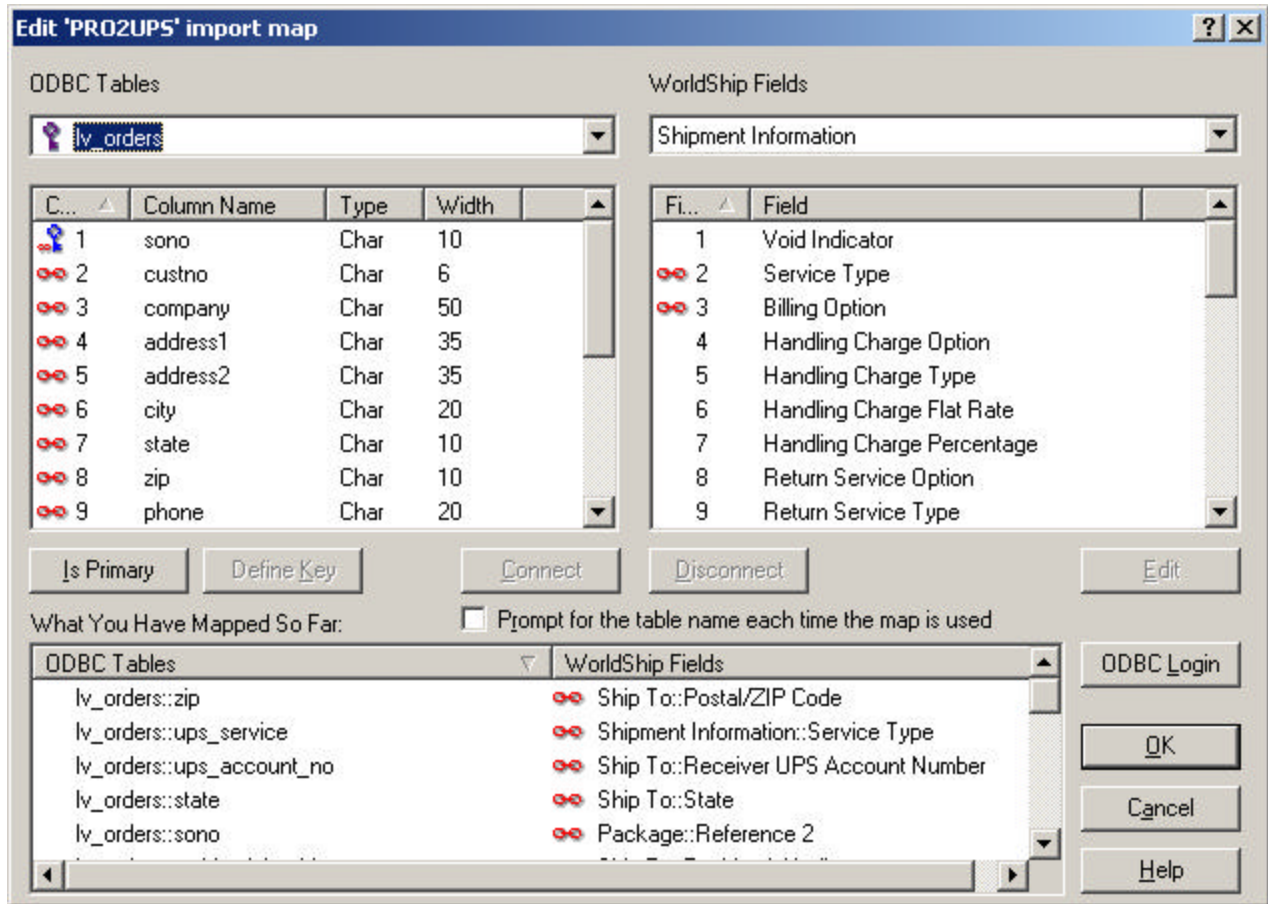

DDP's UPS Worldship link is a seamless and easy to use connection between your Pro Series accounting data and your shipping software. Shipping information is entered in Worldship using the sales order number. Tracking information and costs flow back to the order at the time of shipping in Pro Series. The Worldship Link

- Once set up, the link seamlessly brings the shipping information into Worldship and the tracking numbers and costs back into Pro Series!
- Supports auto-emailing to customers from within Worldship to the email address in the Pro Series Customer file

**Only \$800  
MSRP!**

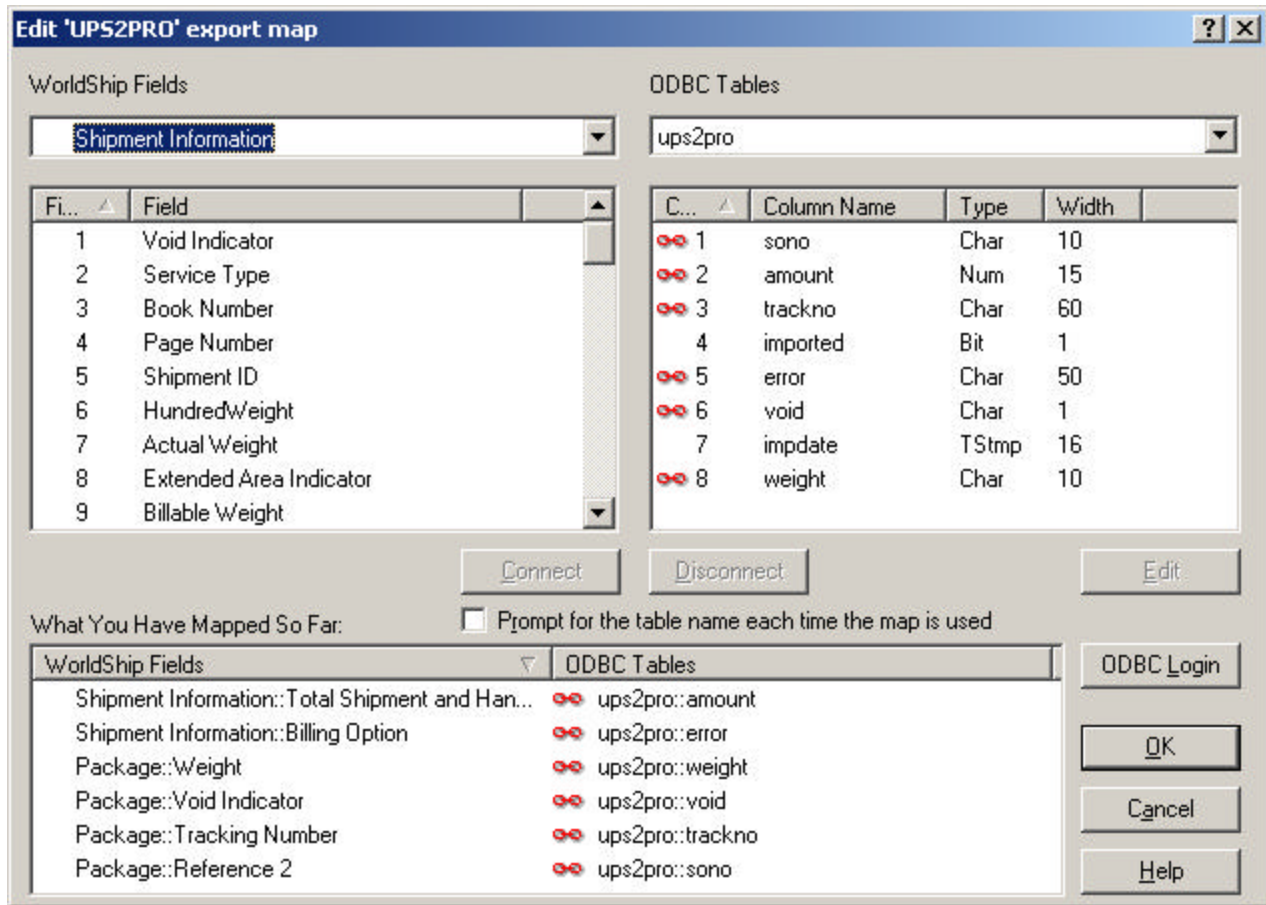

526 Oak Briar Dr. Kemah, TX 77565  
281-538-2886 [www.ddpcorp.com](http://www.ddpcorp.com)

Create an import map with the ODBC connection that is setup during the installation process. This reads the data from Pro Series into WorldShip.

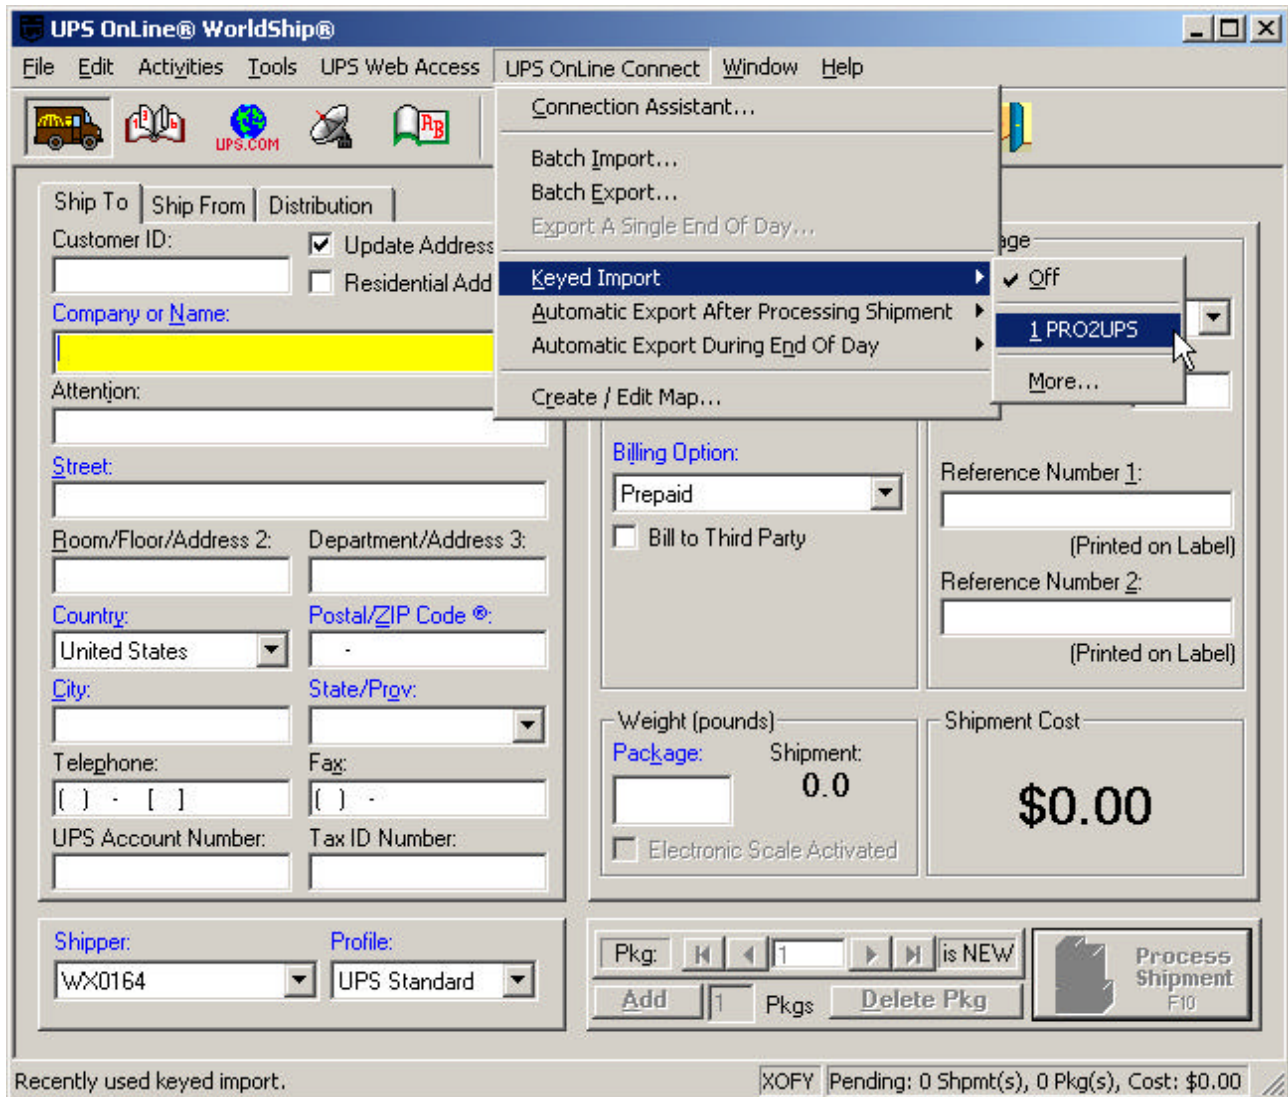

526 Oak Briar Dr. Kemah, TX 77565  
281-538-2886 [www.ddpcorp.com](http://www.ddpcorp.com)

Create an export mapping from WorldShip back to Pro Series. This writes the tracking information and costs back to a table to be used by Pro Series.

526 Oak Briar Dr. Kemah, TX 77565  
 281-538-2886 [www.ddpcorp.com](http://www.ddpcorp.com)

The keyed Import menu option brings up a window in which you can type the sales order # and it populates the shipping information automatically (next three screens).

In Pro Series, when you enter the order to be shipped, if there is any WorldShip information to be imported, it prompts you to bring the information in. If answered yes, it will bring the data into the order and attach the shipping costs that come from UPS.
